To The

Insurance Public

OF THE Territory of Hawaii

Greeting:—Having been appointed to the position of District Superintendent, for the Territory of Hawaii, by the Mutual Life Insurance Company of New York, we have opened offices in Honolulu, and will take formal charge of the Company's business March 1st, after which date all payments of Premium by policyholders, the payment of Death Claims and Matured Endowments are to be made at the Company's office at 932 and 938 Fort Street.

The modern contracts issued by the Mutual Life, offer larger guarantees than do those of other companies.

THE COMPANY FINANCIALLY UNASSAILABLE.

Remember that, with all the reckless talk in the newspapers about syndicates and salaries and subsidiary companies, the securities of the Mutual Life have not been criticised nor their perfect safety questioned. The investments of the Company were an open book in the hands of the Investigating Committee; every loan, every bond, every security of any description was before them—four hundred and fifty millions and more; and not a single item was discredited, and not a single investment of any sort was classed as doubtful.

As ever, the Mutual Life is still the strongest financial institution in the world, with a reserve \$36,000,000 larger than that of any other existing company, and with a contingent guarantee fund, or accumulated profits, of \$75,000,000 in excess of its legal liabilities.

It is still true, as it has always been, that the Mutual Life has paid more to policyholders, and holds more today for policyholders than any other company in the world. Nearly seven hundred millions to date has the Company disbursed to its members and their beneficiaries, making, with what it still holds for them, nearly one hundred millions more than it has received from them.

You are cordially invited to examine our contracts and satisfy yourself, that we GUARANTEE more in insurance protection for your family and estate, and to return more to you in cash, as an investment for your old age, than do other companies.

Yours for business,

W. A. WANN,
District Superintendent

PACIFIC HEIGHTS IMPROVEMENTS

The Pauoa and Pacific Heights Improvement Club was organized last night at a meeting held at the residence of C. W. Booth. Booth was elected president, A. W. Neely secretary and C. N. Marques treasurer. An executive committee consisting of the president and secretary and H. L. Kerr was appointed.

MANY SCHEMES OF IMPROVEMENT

SOME ELABORATE PLANS OUTLINED AT A MEETING OF PUBLIC SPIRITED CITIZENS.

Many plans for improvements in Honolulu were discussed last night at a meeting of the delegates of the various city improvement clubs, who are about to form a central association. The meeting was held in the Promotion Committee office with E. I. Spalding presiding and George Thiesen secretary. Park Expert Robinson of New York was among those present.

Among the suggestions was that a Japanese tea garden be established in Kapiolani Park. Judge Loe suggested that one of the little islands at the park would be good for this purpose. Another scheme proposed was to erect a look-out station on Punchbowl, W. L. Howard proposing an elaborate temple.

A report was received regarding the Punchbowl trail. A. Garvie said that the trail as it is now would wash out very quickly in the event of a rain storm, but John Kidwell said it was not finished yet. The laborers, who are convicts who do not have to work, had struck, but he expected them to resume work next week. It was proposed to plant night blowing cereus and agave along the trail.

L. E. Pinkham explained his McCully tract reclamation scheme at length. Judge Dole said that at first he had been inclined to regard the scheme as too large, but that he now regarded it as practicable.

Alex Scott proposed some seats along the Park. Thiesen said there ought to be an aviary or zoo in Kapiolani Park. O. Lutted proposed piping water from the Nuuanu reservoir to Punchbowl, so that the Punchbowl slopes might bloom.

The sign board proposition was brought up by W. L. Howard, who called particular attention to an ugly structure in Waikiki, intended to secure buyers for pickles. He said that many families were boycotting articles advertised in this way. Spalding proposed a special committee to handle the matter.

Among those present were Judge S. B. Dole, Judge Frear, General Davis, Alexander Scott, R. S. Hosmer, Prof. Griffith, Major Pratt, Supervisor Lucas, A. R. Gurrey, Alex. Garvie, David Haughe, H. P. Wood, Mr. Alexander, G. P. Wilder, J. O. Lutted, L. E. Pinkham, W. L. Howard, Mr. McIntyre, John Kidwell, John Baker.

RHEUMATISM CAN BE CURED.

There is no disease which inflicts more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is to make a bold statement to make but Chamberlain's Pain Balm, which enjoys an extensive sale in this country, has met with success in the treatment of this disease wherever it has been tried. One or two applications of this liniment will relieve the pain and hundreds of sufferers from the disease testify to permanent cures by its use. For sale by all dealers.
